Solid Edge 2024 Licence Server Set-up

This Tech Tip looks at setting up the new licence server for Solid Edge 2024.

Download

Start by going to the downloads for Solid Edge and choose Solid Edge 2024 (V2310) Add-ons

Then click on SptTools on the left and download the SptTools_2024_2310.zip.

Unzip this file and open the LicenseServer folder.

Obtain Licence File

Before progressing further, ensure that you have a copy of your new licence file from the licencing website.

Have the new licence file stored somewhere else as it will re-configure it and put in the right place and rename it.
